With Optional Bonus on 10 Year

WealthChoice

For Growth and Income– the Choice is Yours

WealthChoice is a fixed indexed annuity. While building your retirement savings, you deserve choices that will not compromise the safety of your money. If you seek accumulation opportunities that will protect you from market downturns, WealthChoice could help you achieve your individual goals.

Most people desire a happy retirement without worrying about outliving their resources. United Life Insurance Company wants that for you, too. With WealthChoice, you could grow your hard-earned wealth and customize the plan to provide income for life.

► What is a Fixed Indexed Annuity?

A fixed indexed annuity is a tax-deferred contract with an insurance company, which can also provide payments to the owner at some point in the future when additional income is needed for a comfortable retirement.

Deferred Taxes

Taxes are deferred until you withdraw your earnings, and as a result, you earn interest on principal and interest on interest, all on a compounding basis.

A fixed indexed annuity offers crediting options that:

- Credit fixed interest based on a fixed rate for one year; or
- Credit indexed interest based on the performance of an external index using a crediting methodology.

FIXED INDEXED ANNUITIES OFFER PARTICIPATION IN **UP TIMES** & PROTECTION IN **DOWN TIMES**

While the interest credited to a fixed indexed annuity is linked to various market indexes, the annuity does not participate in any stock, bond or equity investments. You are not buying shares of stock or an index. The index performance is used to determine the indexed interest credited to the funds you have chosen. However, the annuity is not credited the same performance as the measuring index. This is because the annuity premium is also guaranteed to never lose principal due to market downturns. Fixed indexed annuities offer participation for some of the market's growth in up times, but also protection in down times.

► Growth

Growth and Safety Advantages

As a fixed indexed annuity, WealthChoice offers you many financial perks.

Diversified Savings Tool

You have competitive alternatives designed to perform well in different financial environments with a variety of interest rates.

Tax-Deferred Compounding

The growth power of an annuity may increase significantly throughout the life of your contract.

Protection from Declines

Decreases in index values do not negatively impact your WealthChoice annuity.

► Income & Access

Options with Flexibility

Although annuities facilitate retirement savings and income augmentation, occasionally you might need to access your assets sooner than anticipated. WealthChoice can accommodate.

Lifetime Income Option:

Guaranteed Living Benefit Rider (GLBR) with Spousal Continuation

This elective income benefit is offered within the WealthChoice 7- or 10-year plan and costs 0.95% of the accumulated value each anniversary. The GLBR rider permits lifetime withdrawals without regard to existing funds. Based on the owner's age and whether he or she designates level or increasing payments, a withdrawal factor is multiplied by the account value to arrive at the Lifetime Yearly Income maximum.

If Joint Income is elected for the spouse, who is also listed as the primary beneficiary, the surviving spouse could continue receiving the lifetime income payments.

Free Partial Withdrawals

Starting your first contract year, you may withdraw up to 10% of your initial premium. Each following contract year you may withdraw up to 10% of the prior anniversary's value. If you surrender your account or take withdrawals in excess of your Free Partial Withdrawal amount during your contract surrender period, the amount in excess of your 10% free amount will be subject to a surrender charge and Market Value Adjustment (MVA). The percentage of the surrender penalty depends on your contract year.

Annuity Payout Options

When not electing the optional Guaranteed Living Benefit Rider for retirement income payouts, you have several other payout options to choose from:

- A set number of payout years between 10 and 30 years
- Payout guaranteed for your lifetime
- Payout guaranteed for your lifetime, with a guaranteed period set between 10 and 30 years
- Joint lifetime income for spouses
- Joint lifetime income for spouses, with a guaranteed period set between 10 and 30 years

Required Minimum Distributions

The amount that the IRS requires you to withdraw annually after age 73 is always available without a surrender charge penalty, even if the amount is greater than your free annual withdrawal amount.

Systematic Withdrawals

Depending on your withdrawal preference, you can elect to be paid on an annual, semi-annual, quarterly or monthly basis.

— WealthChoice has attractive allocation choices, including a fixed interest account and indexed options that are tied to various market indexes. You may allocate your funds to any of the following interest crediting strategies. You have the opportunity to reallocate account values among these options each contract anniversary, or simply continue your original selections — the choice is always yours. For full details on our interest crediting options, please refer to CR-0104.

— WealthChoice can be purchased for a **5-, 7- or 10-year period*** with a single premium payment from \$20,000 to \$1,000,000. Throughout the first contract year, additional premiums may be applied (at a minimum of \$5,000 and not to exceed \$1,000,000 total). Additional premiums and any related bonus will be allocated to the fixed account and may be reallocated at the next contract anniversary. Please see surrender charge details on the disclosure page.

* Check with your advisor for availability. WealthChoice 10 may not be available at bank *locations*.

► Turn on Additional Features

+ Bonus

Premium Bonus Rider

This optional rider is available on WealthChoice 10. Your initial premium and any additional premiums paid within the first 90 days will receive a premium bonus, applied to the Account Value and allocated in the same manner as the initial premium. Additional premiums paid in the first 90 days, along with applicable Bonus, are allocated to the fixed account and the accumulated values may be reallocated at the next anniversary. There is no fee for the rider, though caps and pars may be lower than if no Premium Bonus Rider had been selected. If any withdrawal in excess of free partial withdrawals, Lifetime Yearly Income withdrawals, RMDs or full surrender occurs, some or all of the Premium Bonus may be forfeited in years one through five. The bonus is fully vested in year six. Ask your financial professional for the current bonus rate. Not available in combination with the Guaranteed Living Benefit Rider (GLBR).

+ 110% Benefit

Death Benefit

In the event of death, the account value will be paid to your beneficiaries. If the sole primary beneficiary is the legal spouse of the owner, they will be able to assume ownership.

5-Year Death Benefit Enhancement: If the beneficiary elects the 5-year payout option, the death benefit will be multiplied by 110% prior to determining the periodic payment.

+ 100% Return

Return Of Premium Guarantee

WealthChoice provides a return of premium guarantee. After the end of your fifth contract year, the amount available for Full Surrender will never be less than the initial premium, adjusted for any withdrawals taken to that point.

Ask your financial professional whether WealthChoice may be a good fit for your overall retirement strategy.

Disclosures

Surrender Charges will apply during the 5-, 7-, or 10-year Surrender Charge Period. Charges are assessed upon a Full Surrender or Partial Surrender, after deducting the amount of any Free Partial Surrender and Market Value Adjustment that may apply. Surrender Charges are equal to a percentage multiplied by the Accumulation Value being surrendered according to the schedule shown below:

Contract Year of Surrender:	1	2	3	4	5	6	7	8	9	10	thereafter
5 Year SC Percentage:	9%	8%	7%	6%	5%						0%
7 Year SC Percentage:	9%	8%	7%	6%	5%	4%	3%				0%
10 Year SC Percentage:	10%	9%	8%	7%	6%	5%	4%	3%	2%	1%	0%

A Market Value Adjustment (MVA) is a positive or negative adjustment applied only during the surrender charge period to full surrenders and any partial surrender in excess of the Free Partial Surrender available. Refer to the product disclosure and policy for more details.

Not FDIC/NCUA insured • Charges may apply • Not bank/CU guaranteed • Not a deposit • Not insured by any federal agency • May go down in value

A fixed index annuity is not a security and is not an investment in the stock market. Index account interest is based, in part, on index performance. Past performance of an index is not an indication of future performance.

WealthChoice Fixed Indexed Annuity is underwritten and issued through United Life Insurance Company. Guarantees are backed by the financial strength and claims paying ability of the company. Product availability and features may vary, and some features may not be available in all states. **Read the policy for exact details on benefits and exclusions. If there is a discrepancy between the product as described here and the policy issued to you, the provisions of the policy will prevail.** The product is generally issued under policy form UNL-FIA02.
